- BLOCKSTAND and SEEBLOCKS.eu to set periodical meetings + a “hot line” via email to discuss the following:
 - Joint events: A first, joint webinar is being organized with a target date at the end of July (see separate slide).
 - It is agreed to have seats on reciprocal Executive/ Strategy boards
 - Selection procedures: important to share information on names of the applicants and target groups.
 - ICT Rolling Plan: need to arrange internal meetings to align on key points.
 - Repository: hard to have a shared one, due to the difficulties in content alignment - to be discussed.
 - Sharing reciprocal timelines and coordinating outreach.
